

TITAN Flex – Manual Wheelchair – Comfort, Support & Mobility

The Titan Flex Manual Wheelchair is designed to provide a practical combination of comfort, support, and everyday mobility. Its sturdy manual frame, supportive high backrest, comfortable armrests, and large rear wheels help deliver a stable and smooth experience for users in a variety of environments.

Built with adjustable and supportive features, the Titan Flex is suitable for individuals who require enhanced positioning and comfort. The wheelchair includes leg support and a durable, user-friendly design, making it a reliable mobility solution for daily use while promoting independence and convenience.
